

**Amendments to the claims:**

This listing of claims will replace all prior versions, and listings, of claims in the application.

**Listing of Claims:**

1. (Currently amended) A method of inhibiting colo-rectal tumor growth in a cancer patient comprising administering to said patient a combination therapy comprising effective amounts of 5-Fluorouracil (5-FU) and a methylol transfer agent comprising taurolidine, said methylol transfer agent being capable of substantially enhancing antineoplastic effects of said 5-FU, substantially reducing toxic side effects of said 5-FU, or a combination thereof, wherein said methylol transfer agent has a substantial effect on activity of said 5-FU, said substantial effect being selected from the group consisting of substantially enhancing antineoplastic effects of said 5-FU, substantially reducing toxic side effects of said 5-FU, and a combination thereof, ~~wherein said methylol transfer agent is taurolidine, taurultam or a mixture thereof.~~

2-6. Canceled.

7. (Currently Amended) The method of claim 6 1 wherein said tumor growth is metastatic tumor growth.

8-9. Canceled.

10. (Currently amended) A combination comprising 5-FU and a methylol transfer agent in effective amounts for simultaneous, separate or sequential use for inhibiting tumor growth in a colo-rectal cancer patient, said methylol transfer agent comprising taurolidine and being capable of substantially enhancing antineoplastic effects of said 5-FU, substantially reducing toxic side effects of said 5-FU, or a combination thereof, wherein said methylol transfer agent has a substantial effect on activity of said 5-FU, said substantial effect being selected from the group consisting of

substantially enhancing antineoplastic effects of said 5-FU, substantially reducing toxic side effects of said 5-FU, and a combination thereof, ~~wherein said methylol transfer agent is taurolidine, taurultam, or a mixture thereof.~~

11. Canceled.
